

Article number:	10111450 - 5 mtr.	
Product name:	Cleat S 14	
Field of application:	Drive Cleat for connecting rectangular ductwork	
Material:	Steel DX51 D+Z or similar, thickness 1.2 mm, galvanized steel, according to DIN EN 10.142 table 4. Min. thickness of zinc coating 10 µm	
Unit:	Bundles a 500 m, length 5.000 mm	
Weight:	0,425 kg/m	
Production method:	Cold roll forming	
Remarks:	Suitable for the DW20 and DW30 profiles
